1993 CAUSE/EFFECT INDEX

Feature Articles

Actis, Bev. "Implementing a Help Desk at a Small Liberal Arts College." Fall, pp. 27-29, 35-36+.

Ardoin, Beth, and William Weems. "Campus-Wide Information Systems: User Publication of Documents." Winter, pp. 21-26.

Barone, Carole A. "New Interpretations of Old Rules, or If the Ocean Is on the Right, You Are Headed North." Spring, pp. 11-16.

Beltrametti, Monica. "Computing Services Planning, Downsizing, and Organization at the University of Alberta." Fall, pp. 11-18.

Bernbom, Gerald, and Dennis Cromwell. "Data Architecture in an Open Systems Environment." Winter, pp. 27-29, 33-37.

Biderman, Beverly. "Putting Information Technology to Work for Persons with a Disability." Summer, pp. 21-27.

Bosworth, Michael. "Data Administration for Reluctant Organizations." Spring, pp. 32-36+.

Brentrup, Robert J. "Building a Campus Information Culture." Winter, pp. 8-14.

Chatman, Steve. "Analytical Processing as Executive Decision Support." Summer, pp. 39-46.

CHEMA. "Contract Management or Self-Operation: A Decision-Making Guide for Higher Education." An executive summary of a study by the Council of Higher Education Management Associations. Fall, pp. 6-10. Includes an introduction by Jane N. Ryland

Detweiler, Richard A. "'You must be running a high fever!'"—An Information Technologist's Guide to College and University Presidents and Chancellors." Spring, pp. 18-22.

Donald, A. Wayne, and Michael Naff. "Facilitating Change for Survival." Summer, pp. 8-15.

Donhardt, Gary L. "Participative Planning—A Tool for Building Partnerships for Change." Summer, pp. 47-54.

Falduto, Ellen F., Reid M. Golden, Davis B. Conley, Richard A. Detweiler, and William Beyer. "Opportunistic Planning for Information Technologies: Upside-Down or Downside-Up?" Fall, pp. 19-26.

Frost, Renee Woodten, and John Gohsman. "Implementing a Data Administration Function and Strategic Data Planning at the University of Michigan." Fall, pp. 37-46.

Gleason, Bernard W. "A Valuable Lesson: Trust in People, the Rest Is Easy." Spring, pp. 5-10.

Hargrave, Alan. "Moving Toward a Campus-Wide Information System: Leveraging the Existing Investment in Information Technology." Winter, pp. 15-20.

Hughes, Joy Reed. "Empowering Users as Members of the Computer Center Team." Summer, pp. 16-20.

McClure, Polley Ann, Susan F. Stager, Norma Brenner Holland, and Cathy Smith. "Administrative Workstation Project at Indiana University." Summer, pp. 28-33, 38+.

Robinson, Freddie L. "Building a Business Case for Imaging/Document Management at the University of Miami." Winter, pp. 38-43.

Singleton, Michele, Elizabeth Taylor, Cheryl Bach-Scott, Htay Hla, and Paul Teitelbaum. "Developing and Marketing a Client/Server-Based Data Warehouse." Fall, 47-51+.

Spradley, Evelyn. "Assisting Adult Higher Education via Personal Computer: Technology and Distance Education." Spring, pp. 37-42.

Taveras, Luis, Marie Swann, Kenneth Craig, Jr., J. Michael Hawkins, and Eugene Ingoglia. "Hofstra University's Student Information Kiosk." Spring, pp. 23-25, 29-31.

Miscellaneous

Bernbom, Gerald. "You and Your Campus Benefit When You Write for *CAUSE/EFFECT*." Summer, pp. 3-4

West, Richard P. CNI Report. "Z39.50 — Enabling the Client/Server Model for Information Services." Fall, p. 5.

_____. CNI Report. "Campus Technology Infrastructure: Are We Ready for Content?" Winter, pp. 6-7.

Current Issues

Bernbom, Gerald. "Campus-Wide Information Systems: Managing Information Content." Winter, pp. 3-5.

Blunt, Charles R. "Some Roles for Higher Education in Shaping a National Information Infrastructure." Fall, pp. 3-4.

"Current Issues in Higher Education Information Technology." A summary of issues identified at the 1992 CAUSE Current Issues Committee meeting. Spring, pp. 3-4.

King, Stephen J., and Carol Taylor. "Scholarly Communication: A New Generation of Technology." Summer, pp. 5-7.

Viewpoints

Blythe, Kenneth C. "Client-Server Computing: Management Issues." Summer, pp. 55-58.

Heterick, Bruce. "The National Information Infrastructure: How Will We Manage?" Spring, pp. 43-45.

Olson, Mark. "We *Must* Apply the Principles of Business Process Reengineering in Higher Education." Winter, p. 54.

Porter, James H. "Business Reengineering in Higher Education: Promise and Reality." Winter, pp. 48-53. See Olson.

Good Ideas

Balkits, Ivars. "Reconciling Mission and Budget for an IT Newsletter." Winter, pp. 46-47.

Eleey, Michael. "Managing to Change: The Wharton School's Distributed Staff Model for Computing Support." Fall, pp. 53-55.

Hardaway, Donald. "PC-Based Multimedia: An Opportunity to Redesign the Learning Process." Summer, pp. 59-60.

Lynn, M. Stuart. "Cornell's Bear Access and Network ID: Setting the Stage for Distributed Computing." Winter, pp. 43-46.

Mathay, C. Edward, and Debra E. McKinney. "VIEWJOBS: Matchmaker for Students and Employers." Spring, p. 46+.

Rogers, John. "Automating Production Support." Spring, p. 47+.

Campus Computing Environment

Brigham Young University. Spring, pp. 26-28.

Columbia University. Summer, pp. 34-37.

Sinclair Community College. Winter, pp. 30-32.

University of Wisconsin-Madison. Fall, pp. 30-33.
